

2017-2018 Equality Objectives

The school will set specific equality targets to improve the provision set out within this policy. New objectives must be set every 4 years but current targets should be reviewed annually.

School equality objectives for 2017-2018/19 are:

1. To further improve accessibility for pupils with dyslexia by reviewing the school's Dyslexia Friendly status and applying for reaccreditation through a revised action plan. This will be coordinated by our SENCO Mrs Jeffries in liaison with staff.
2. Ensure effective use of Pupil Premium, closely monitoring its impact on disadvantaged pupils, particularly those with SEND.
3. Develop further opportunities for pupils to learn about different faiths including visits and visitors to the school.

These Equality Objectives will be reviewed annually and the findings published on the website.

Next review due: Sept 2018

Review of Equality Objectives Sept 2017-18
