

2016-2017 Equality Objectives

Each year the school will set specific equality targets to improve the provision set out within this policy.

School equality objectives for 2016-2017 are:

1. To further improve accessibility for pupils with dyslexia by reviewing the school's Dyslexia Friendly status and applying for reaccreditation through a revised action plan. This will be coordinated by our SENCO Mrs Jeffries in liaison with staff.
2. To review the SEN-D Policy and SEND offer for the school in light of a WSMAT joint SENCO being appointed across the 3 schools.
3. To review the Accessibility Plan for the school and implement any changes arising.

These Equality Objectives will be reviewed annually and the findings published on the website.

Next review due: July 2017
