

7th February 2018

Dear Parents,

Next week we are having our very own Outdoor gym installed outside by the playground. We are very pleased to be having such an exciting addition to our outdoor space, somewhere that will encourage the children to be even more active than they are already! We are grateful to the National Lottery who has awarded us with the money for the project, following a bidding procedure.

The Outdoor Gym will consist of 6 different pieces of age appropriate equipment that will encourage the children to use different parts of the body. At Woodseaves we are committed to instilling a positive attitude towards being active and healthy, we hope this new project will really help support that.

As a way to celebrate the new Outdoor gym, we are holding a competition for the children to name our new gym. All we need is for them to come up with a word for it as it will be called '..... Gym' so there is no need to actually design the sign. We have a company who have offered to create this sign free of charge. Therefore over half term, ask your child to come up with the name for the gym and we will collect all entries on the first day back to school. We will then pick the winner and the sign will be made up. Please make sure any entries have your child's name on it and their year group.

I look forward to receiving all the entries soon,

Mrs Quigley

PE Co-ordinator
